Approval Details:

The Wastewater Treatment Fundamentals I: Liquid Treatment Distance Learning Course has been approved by the Alaska DEC.

This course has been assigned 6.0 core CEUs and has been approved as a prerequisite course for WWT Provisional Level certification.

Approved courses are posted online at:

<http://dec.alaska.gov/water/operator-certification/dec-approved-online-correspondence-and-courses/#wef>

<http://dec.alaska.gov/water/operator-certification/prereqs-for-provisional-certification/>

Participants must submit documentation provided by WEF to the state directly to receive credits for participation.
